Kerning Pairs Track 1

Library: Kpost, Name: 06001, Size: 12q.

September 3, 2015

The kerning pairs shown below are set with kern track 1 specified. The number following each kerning pair is the kern value currently active in your kp file for that pair. Typeset this division to see how the values set in _kp_06001-##.sde look.
